National Credit Union Administration Operating Fund Financial Highlights March 31, 2005

Balance Sheet

Overnight Investments increased \$8.9 million as a result of operating fees being collected.

Accounts Receivable increased \$44.0 million due to establishing the operating fee receivable. As operating fees are collected, the accounts receivable account will decrease.

Home Purchase Program increased \$212,000 due to the purchase of an employee's residence. Currently, there are three houses in the Home Purchase Relocation Program.

Accrued Employee Compensation decreased \$2.6 million as a result of accruing for only 9 days at the end of March versus 16 days in the previous month. Accruals are reversed the first working day of the next month.

Other Current Liabilities increased \$46.5 million. This large increase is the result of deferred operating fee income that will be recognized evenly over the remaining calendar period.

Statement of Revenue and Expense

Net income for the month was \$402,000 higher than planned due to the bulk of expenses being under budget with the exception of administrative costs.

Statement of Cash Flow

Cash increased by \$8.9 million for the month. The increase is the result of operating fees being collected. As of March 31, operating fees of approximately \$44.0 million are outstanding.

Budget (Year-to-Date)

Agency spending was under budget by \$5.3 million or 14.6 percent. Pay, benefits and travel were under budget, and comprised \$4.0 million or approximately three-quarters of the total budget variance. The remaining variance of 1.3 million was derived mainly from contracted services.

Vacancies

The agency had 58 vacancies as of March 19 -- down from 63 in February. Of the 58 vacancies, there were 28 vacancies in the central office, 16 vacancies in the regional offices and AMAC, and 14 vacancies in the field staff. The 58 vacancies represent 6.04 percent of total authorized staff of 960.67.
